BRIEF ABSTRACT OF LETTER.

Points out the necessity for an additional Sub Asst Surgeon to the Krishnarajendra Hospital, Mysore and requests that Sanction may be accorded to raise the no: of permanent Sub Asst Surgeons by one —

NOTES AND ORDERS.

W

The proposal to entertain an extra Sub Asst Surgeon to the Mysore Hospital was ordered to be deferred till the necessity therefor actually arose (Vide para 4 of the Submission Note in Med 34-16 B pkt 17)

The Senior Surgeon has stated how the existing four

NOTES—First Sheet.

Serial No.

Sub Asst Surgeons are employed and urges the need for an extra Sub Asst Surgeon. Though a separate eye department has not been opened in the Mysore Hospital Mr BK Narayana who has had special training in Ophthalmology in Europe has been attending to Eye cases ever since his entertainment in the State Service. He is now Resident Medical officer & does eye work in addition & probably wants assistance for routine work.

The financial Deptt has to be consulted

K.P.
22.7.18.

2 The recommendation of the Senior Surgeon under the circs explained by him may be accepted.

Final Note by the Third Member of Council.

Subject:-

Revision of the Establishment of the Krishnarajendra Hospital Mysore.

In Government Order No.58-9/Med.34-16-24 dated 4th July 1917 an increase of establishment at a cost of Rs.12,302 per annum was - sanctioned to meet the requirements of the Krishnarajendra Hospital at Mysore just before it was located in the present building. In January 1919 when I paid a visit to the Hospital, the inadequacy of the scale of pay of Nurses, Matrons, Ward Boys, Lascars and Compounders was brought to my notice as also several other requirements of the Hospital and the Medical Officer in charge of the Institution intimated that he had submitted proposals regarding these and other needs of the Hospital to the Senior Surgeon. Thereupon the Senior Surgeon was asked to expedite submission of the proposals. He accordingly ~~at first~~ sent up proposals for the revision of the establishment at a cost of Rs.11,028 per annum with his letter dated 22nd March 1919 but he was asked to send up revised proposals on the lines of the establish -ment sanctioned for the Victoria Hospital at Bangalore both in regard to pay and personnel as well as in regard to scale with such variations as might be necessary to suit local conditions.

2. The Senior Surgeon accordingly sent up with his letter No.G.C. 106-13 dated 31st January 1920 a proposition statement for the revision of the establishment involving a net increase of Rs.12,882 per annum - and requested sanction for the same.

3. The Financial Secretary who was consulted in the matter recorded the opinion that the extension of medical relief by opening more dispensaries in different parts of the State had greater claim on available funds than the further improvement of big institutions like the

Krishnarajendra and Victoria Hospitals which had had their share of attention and funds.

4. My views on the subject are contained in my minute of the 15th March 1920 which is reproduced below:-

" The proposed revision of the establishment of the Krishnarajendra Hospital is absolutely necessary if that institution - one of the - premier Medical Institutions of the State - is to be maintained in a state of efficiency. The increase of ~~xxx~~ establishment asked for is not much, only two Sub Assistant Surgeons and two extra Nurses.. The number of in-patients seeking admission into this Hospital is as - large as in the Victoria Hospital and its importance has considerablly increased on account of the opening of the Mysore-Arsikere Railway. The establishment should be on the same scale as in the Victoria -- Hospital. It is necessary to give increased pay to the Matron, the Nurses and the Menial Staff of the Hospital. The proposals of the Senior Surgeon may be accepted. The needs of the Medical Institutions should demand our first attention. No doubt the opening of new dispensaries is very good but we cannot neglect the large institutions which serve a larger area and a larger population."

5. The Dewan and the other Members of Council have concurred in the opinion I have expressed.

6. The proposals of the Senior Surgeon may be graciously approved.

Mir Akram Hussain

H. H. the Maharaja of Mysore,

~~Department~~, Bangalore.

Sir,

In their order No. 58-9/Med:34-16-24 dated 4-7-1917, sanctioning the revision of the establishment of the General Hospital, Mysore, Government were pleased to direct that the appointment of an extra Sub Assistant Surgeon would be deferred till the necessity for the same actually arose.

2. The new buildings were occupied on the 4th April 1918 and the work in the Krishnarajendra Hospital is developing. The Medical Officer of the institution in his letter No. 1009 dated 27-6-1918 reports that the addition of another Sub Assistant Surgeon to the permanent staff is very necessary.

3. Of the 4 Sub Assistant Surgeons now on the staff, one has be attached to the male side of the out patient's Department and also to be the Registrar, that is the person that maintains the registers of medical and surgical cases of inpatients. One is said to be posted on duty in the Surgical wards. One is doing duty in the female wards, and one in the male medical wards and in the X-ray department.

4. Under the circumstances, an extra Sub Assistant Surgeon is necessary, especially to assist the specialist in the Eye Department and to attend to out-patients of that Department whenever the specialist is engaged in operations or other duty.

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

His Highness the Maharaja of Mysore, Bangalore

(Through the Comptroller)

Sir,

With reference to your letter No.G.3450-Med.17-18-2, dated 15th August 1918, and subsequent No.G.20428, dated 12th March 1919, I have the honor to submit herewith, a proposition statement for the revision of the establishment of the Krishna rajendra Hospital, Mysore, at an increased cost of Rs.919 per mensem or Rs.11,028 per annum, and to state as follows.

The reasons for the increase of the permanent sub Assistant Surgeons of the hospital by one hand have already been explained in this office letter No.G.C.35-10, dated 17-6-1918.

The Number of ward attendants is proposed to be increasd from 22 to 28, as the Hospital has considerably developed and the number sanctioned by Government in their order No.58-9-Med 4th July 1917, has been found by experience, by the Medical Officer, to be quite inadequate for the requirements.

The present number of dhobies (3) is also considered to be insufficient as they are unable to give even three washes in a month. To render the washings satisfactory and to enable more frequent washings being got done, it is proposed to increase the number to 6.

The present number of cooks (3), one for the general kitchen, one for the Brahmin kitchen and one for Lingayats, is proposed to be increased by 2, to enable one cook being posted to the general kitchen, one to the Brahmin kitchen, one to the

26

Lingayat kitchen, one for the European kitchen and one for the Nurses' kitchen, as in the case of the Victoria Hospital. A corresponding increase in the number of maties or assistant cooks follows as a necessity.

Have not the kitchens water connection yet

One waterwoman sanctioned in the last order being quite unable to supply water to the several kitchens, another is reported to be very necessary.

The two garden coolies now sanctioned ~~are~~ reconsidered insufficient to lay the new grounds, and to level and plant the compound, measuring about 14 acres and it is proposed to employ four more garden coolies.

Against the present number of lascars (2), the services of five are considered to be absolutely necessary for dusting and cleaning the glass panes of windows and doors of the hospital buildings, and they are proposed to be employed, one for the operation theatre and two for the first floor and two for the second floor.

The number of sweepers is proposed to be increased from 4 to eight, as that number is reported to be required to keep the buildings and the surroundings measuring 14 acres, clean and tidy.

There are 6 thoties now, and no female thoti for the women and children's wards. It is therefore proposed to have two new felame thoties for the women and children's wards and an extra male thoti to look after the servants' lines.

Matron. The reasons for the employment of a European qualified matron in the Victoria Hospital hold equally good in the case of the Krishnarajendra Hospital, where, moreover, there are two European sisters of charity on the Nursing staff. Hence the rate of pay proposed for the Victoria Hospital is proposed for the Matron of this hospital. Similarly, the rates of pay proposed for the other nursing members of the staff and menials are the same as those proposed for the Victoria Hospital, as the cost of living and the value of labor are quite the

27

the same in both the cities. As these proposals are submitted by the Medical Officer on his experience of running the hospital and as the minimum requirements in the interests of the efficient working of the hospital, I request that Government may be pleased to sanction both the increase in the number and in the pay of the hands, as shown in the proposition statement

I have the honor to be,

Sir,

Your most obedient servant,

Extract from the Visitors' book of the Krishnarajendra Hospital, Mysore.

******

I visited the Krishnarajendra Hospital to-day and was very kindly taken round by Dr. Nanjappa who explained to me the internal working of the institution and its immediate requirements. It is understood that he has submitted comprehensive proposals already to the Senior Surgeon.

The following deserve attention :-

1. The staff of nurses should be strengthened.
2. The staff of ward attendants should receive better wages.
3. The dhoby arrangements should be improved.
4. The compound should be cleaned of all old buildings and debries.
5. The flooring of the dado should be improved (The work has been very badly done) Glazed tiles are preferable for the latter.
6. The work of attending out-patients should be entirely separated and another assistant given if necessary.

I am very glad to see that the unsightly gate house which was partly erected is now being demolished.

Sd/- A. R. Banarji,

21st August 1918. Member of Council.

Med 17-18-5.

From

Rajakarya Pravina

Rao Bahadur T. V. Arumugum Mudaliar, Esq., M. B., C. M.,

Senior Surgeon with the Government of

H. H. the Maharaja of Mysore, Bangalore.

To

The Chief Secretary to the Government of

H. H. the Maharaja of Mysore,

Bangalore.

Sir,

With reference to your letter No.G.405, Med.17-18-4, dated the 7th July 1919 and D. O. reminder I have the honor to submit a revised Proposition statement for the revision of the establishment of the Krishnarajendra Hospital, Mysore, based on the establishment sanctioned for the Victoria Hospital. The nature and importance of the work in both the institutions being almost the same, the number of hands required in the several departments and their pay hasebeen fixed at what has been sanctioned for the Victoria Hospital. The only changes are, the pay of the Steward is shown as 60-4-80, making it a little lower in grade than the place of the Steward of the Victoria Hospital. This arrangement will ~~xixxx xxpxxxxtixx~~ give scope for promotion to the Krishnaraj Hospital Steward when the time comes, by a transfer to the Victoria Hospital. The nature of work of the other ministerial hands does not admit of any difference being made in the pay. In the Victoria Hospital, the number of Garden Coolies sanctioned for the permanent establishment is only two. But three garden coolies have all along been employe on the temporary establishment on the authority of Government Proceedings No.8636-7-Med.60-07-11, dated 29th February 1908 and the Medical Officer of the Victoria Hospital has already pressed for the hands being brought on the permanent menial staff of the

Submitting a revised Proposition Statement for the revision of the Establishment of the Krishnarajendra Hospital, Mysore.

2-FEB 1920

INWARD SECTION BRANCH.
3-FEB 1920

96

hospital as it is hard on the menials to be continued on the temporary list while they are actually made to work as wholetime servants and as their services will be continued, ~~being required~~ there being no scope for doing away with them. Under these circumstances one Gardner on Rs.15 and 5 Garden coolies on Rs.10 have been provided, against 2 permanent and 3 temporary garden coolies borne on the Victoria Hospital establishment.

Against 40 ward attendants and 14 Toties of the Victoria Hospital, 28 Ward attendants and 9 Toties are considered sufficient for the present, in view of the arrangement of the wards in the Krishnarajendra Hospital being different from what it is in the Victoria Hospital. When special separate pay wards are constructed for the Krishnarajendra Hospital, additional ward and conservancy establishment will be applied for.

As the Krishnarajendra Hospital does not possess gas installation for lighting, no gas coolies are provided. The lamp man already borne in the establishment will be able to look after the cleaning of the bulb and shades.

The proposal involves an additional cost of Rs.12,552 per annum and may kindly be sanctioned in the interests of the efficient working of the institution which is being developed ~~like the Victoria Hospital~~ to the standard of the Victoria Hospital.

I have the honor to be,

Sir,

Your most obedient servant,

Cunningham

Senior Surgeon.
